Calling all water bottles, milk jugs, soda/beer/water cans, and wine/beer/liquor bottles and jars! We're **recycling!** Some of these materials can bring in decent prices per pound (1.40, 5.00+), but we need volume to make it worthwhile. Yes, you'll have to modify your recycling routine a little, but your Club

will appreciate it. For the best plastic return, we are targeting codes 1 and 2 (water bottles are code 1). The codes are in the recycle triangles on plastics.
