

Women

Likely the most insightful form of wisdom I've run across

Sir William Golding may have been an "oldie", but he managed to condense a lifetime of experience with women into one brilliant summary statement.

"I think women are foolish to pretend they are equal to men.

They are far superior and always have been.

Whatever you give a woman, she will make greater.

If you give her sperm, she'll give you a baby.

If you give her a house, she'll give you a home.

If you give her groceries, she'll give you a meal.

If you give her a smile, she'll give you her heart.

She multiplies and enlarges what is given to her.

**So, if you give her any crap,
Be prepared to receive a ton
of sh*t!"**
